# ADVANCED ILLUMINATION -EUROBRITE BAR LIGHT

Area LED Lighting

## AL-S025300M-455

Ai EuroBrite™ Bar Light, medium spread, Royal Blue

- On-Board Smart Drive Straight loop between strobe and continuous operation
- Adaptive OverDrive Optimized operation at strobe
- Thermal Foldback Overheat protection
- Daisy-Chain Connect up to 4 devices

### Product description

The Eurobrite<sup>™</sup> from Advanced Illumination, provides industry leading technology with value/pricing for inmached performance, complete with built-in control for continuous and strobe modes.

A feature of the Eurobrite<sup>™</sup> is Adaptive Power<sup>™</sup> which utilises onboard thermister to maximize light output in continuous mode. For strobe mode, Adapative Overdrive<sup>™</sup> provides a maximal output pulse regardless of the exposure period.

#### Additional features of the Eurobrite™:

- IP67 sealed enclosure suitable for washdown environments.
- Rugged construction that has been tested to withstand over 1000lb.
- Industrial grade LEDs providing high-intensity illumination of 45klux (working distance of 200mm).
- Daisy chain up to 4 for a combined length of 48".
- Medium and wide spread lends options

Other wavelength options available:

- Royal blue 455
- Blue 470
- Cyan 505
- Green 530
- Amber 590
- Red orange -625
- Red 660
- Infrared 730, 850, 940
- White WHI

For enquiries or quotes for wavelength options not listed here please contact us.

#### Specifications

Approvals	IEC 62471, CE, RoHS
Color	Royal blue
Connector/controller	Strobe/on-off control
IP Class	IP67
Length	300
Operating temperature	0 - 60°C

Photobiological Risk Factor IEC 6247	Group 1 (low risk)
Standard cable length	No cable included
Type of lens	Medium
Wave-Length	455
Weight	241
Width	64
