

## AIR DIFFERENTIAL PRESSURE SWITCH

### AIRSWITCH

Air differential pressure switch - Part numbers coming soon, contact us for more information

- Supplied with duct kit
- Easily adjustable set point
- IP54 rated
- 20-300 Pa range

#### Product description

Flamefast Air Differential (AD) Switches are ideal for verifying the correct operation of ventilation systems by monitoring the pressure differential created by air movement and can be used to provide a BS6173:2009 and IGEM/UP/19 compliant interlock when interfaced with any GasGuard system.

The switches have a range of 20 - 300 Pa with an easily adjustable set point and are supplied with a duct kit (2m of hose, x2 pitot tubes and fixing screws).

Please refer to the datasheet under 'downloads' for part numbers and/or technical data, we are working on getting all part numbers and technical data on the website as soon as possible.
