

## GREISINGER COMPACT AIR OXYGEN MEASURING DEVICE

GOX 100, GOX 100T

GOX-100

Air oxygen measuring device for universal applications

- not suited for "underwater" applications (rebreather, etc.)
- sensor connection - 0.7 m jack-connector cable
- Scope of supply: Device incl sensor, tube-adaper, t-piece, battery, manual.
- Lightweight and compact devices

### Product description

### Specifications

<b>Additional information</b>	Operating temperature of sensor: 0 ... 40°C
<b>Battery Life</b>	2500
<b>Central Material</b>	ABS plastic
<b>Dimensions</b>	106 x 67 x 30 mm
<b>Display</b>	3½ digit, 13mm high LCD
<b>Measuring Application</b>	Oxygen
<b>Measuring Range: Oxygen</b>	0.0 ... 100.0 %O <sub>2</sub>
<b>Operating pressure</b>	0.5 ... 2.0 bar abs
<b>Operating temperature</b>	-20 ... 50°C
<b>Over/under pressure</b>	max. 0.25 bar
<b>Power</b>	9 V Battery
<b>Resolution</b>	±0.1 %O <sub>2</sub>
<b>Type</b>	Gas analysis Oxy detector
<b>Weight</b>	185
