

## VALCO - CV SERIES FLOW INDICATOR

Sight glass/rotor

00.0006.0057.1

0,6..10 l/min H<sub>2</sub>O, G1/4F, Brass

- Ranges covering 0.6..80 l/min H<sub>2</sub>O
- Bidirectional
- Up to 25 bar max (depending on model)
- Brass connections

### Product description

The CV series flow indicator from Val.Co allows a visual inspection of the passage of liquids in hydraulic and water systems. The propeller is coloured for better visualization with opaque liquids and there is also an option for a blue propeller and an output.

### Specifications

<b>Flow Range Max</b>	10
<b>Manufacturer Part No</b>	CV.008G.PSO.R
<b>Max. pressure</b>	25
<b>Min flow rate for rotor (oil 40 Cst) l/min</b>	2,5
<b>Min flow rate for rotor (oil 41-150 Cst) l/min</b>	3,5
<b>Min flow rate for rotor (water) l/min</b>	0,6
<b>Pressure Drop</b>	0,15
<b>Temperature range to</b>	100
