

MSR - MOUNTING PARTS

440032

DFSA Fuse Link Cylindrical 10x38 aM 32A Pack 10

- Glass fibre reinforced technopolymer
- Aluminium tubes
- Prevents rotation

Product description

Standard components - MSR.60-B base: glass fibre reinforced polyamide based (PA) technopolymer, black colour, matt finish. - CC-MSR.60 cover: technopolymer in six colours, glossy finish. Supplied, push-fit assembly, removable with a screwdriver, also available as a separate accessory (see table). - MSR.60-C T-shaped clip: glass fibre reinforced technopolymer, black colour, matte finish. - MSR.60-TA-TB-TC-TD-TE-TF clamps: glass fibre reinforced technopolymer, black colour, matte finish. - MSR.60-T13 connection pipes: aluminium profile available in standard lengths from 100 to 2000 mm. Other lengths are available on request and for sufficient quantities. - End caps for connection pipes: glass fibre reinforced technopolymer, black colour, matt finish. Supplied, push-fit assembly. Can also be ordered separately (code 440016 description TC13-MSR.60). Advantages - The slot-shaped connection pipe prevents free rotation. - Pipes and components fixed using only one screw. - Easy adjustment through 5 possible adjustment possibilities (see sketch). - Absence of cavities to avoid deposition of dirt and unwanted substances. - Easy identification through different coloured lids on the lower part.
