

DIN RAILS

TS35F/1M

Din Rail 1mtr Slotted

- Steel mounting
- hot-dip galvanized
- Passivation

Product description

Steel DIN rails coated with white zinc plating for protection against corrosion. RoHS approved. The rails are sold in 2 metre lengths (1 piece = 2 metres). The rails are available with different hole sizes. As standard on TS35 rails we use size 25x5.2. For other hole patterns, please contact us.
